

Suppose several satellites of the Soviet Union also promptly extend "recognition" to the so-called "Republic of Alamo," as a "sovereign state," under pressure or threat by the Soviet Union. Suppose all these so-called "recognitions" are then given respectability by the "recognition" of United Nations, by advance secret arrangement.

UNITED NATIONS CHARTER AUTHORIZES "RECOMMENDATIONS" ONLY

Suppose the other 47 of the 48 United States thereupon order their National Guard units to immediately march into the former State of Texas and put down by armed force the revolution of the 2,000,000 transplanted-Mexican armed alien aggressors. Suppose by an arrangement made in advance, United Nations forthwith declares the revolution in the State of Texas to be an "international" armed conflict between the United States and the so-called "Republic of Alamo," no longer just a simple revolution, and consequently just a "domestic affair," the concern only of the United States. It is incontestably true, without any reservations, that under its Charter, United Nations is explicitly and categorically forbidden to inject itself into any situation that concerns the "domestic affair" of any nation whatsoever. That specific provision in United Nations Charter today enables France to keep United Nations from injecting itself into the warfare going on in Algiers, which France claims is a "domestic affair," in spite of its "international" character and its implications. Under its Charter, United Nations is authorized, by the members which created that organization, to inject United Nations into situations solely where two or more truly legitimate "sovereign states" are concerned, emphasizing very explicitly not to ever involve United Nations unless "international peace" calls for it.

IN ALL HISTORY REVOLUTIONS THE "DOMESTIC AFFAIR" OF NATIONS

Since the beginning of time, a revolution has been recognized by all nations as the "domestic affair" of the nation concerned, both under international common law and under international written agreements, and as such solely the "domestic affair" of the nation concerned. Since United Nations under its Charter is explicitly and categorically forbidden to inject United Nations into any situation concerning the "domestic affair" of any nation, United Nations cannot inject itself into a situation involving a revolution, until or unless a revolution is officially "recognized" as a so-called "sovereign state" by a leading nation. When or if that occurs, United Nations can thereupon inject itself into a situation which concerns a "domestic" revolution. To now transform this "domestic" revolution in Palestine into an "international" conflict between two "sovereign states," the world-wide net-work of international Zionist conspirators arranged in Washington far in advance of 1948, to have President Truman officially "recognize" the revolution of the transplanted-Zionist armed alien aggressors in Palestine, on behalf of the United States, the instant the revolution was "proclaimed" a "sovereign state" by the revolutionists. That "recognition" by President Truman under international law instantly transformed the "domestic affair" in Palestine, the 1948 revolution by the transplanted-Zionist armed alien aggressors, into an "international affair," an armed conflict between "sovereign states." That "recognition" by President Truman allowed United Nations to inject itself plump into the 1948 revolution going on at that time in Palestine. It was to achieve this that the world-wide net-work of international conspirators squandered freely their countless "tax-exempt" millions of United States dollars so dishonestly.

MOSLEM NATION'S HELP TO PALESTINE AN OBLIGATION IN 1948

Suppose United Nations officially takes the position that "recognition" of the so-called "Republic of Alamo," the former State of Texas, by the Soviet Union, six minutes after it is "proclaimed" a "sovereign state" by the 2,000,000 transplanted-Mexican armed alien aggressors, thereby automatically transforms the revolution in the State of Texas, an otherwise "domestic affair," into an "international affair," an armed conflict between two "sovereign states." Suppose United Nations officially takes the position this transformation allows United Nations to inject itself into this "international affair," and United Nations attempts thereupon to assert its authority in the former State of Texas. Suppose the other 47 of the 48 United States refuse to recognize United Nations authority, and order their National Guard units to march into the former State of Texas to put down the revolution there by force, to enable the return of 6,000,000 disarmed and defenseless, innocent and helpless native Texas men, women and children to their homes and property, to continue to live their lives there in peace and security. The armed forces of Egypt, Syria, Iraq, Lebanon, Trans-Jordan, Saudi-Arabia and Yemen in 1948 were under the same obligation under their League of Arab States mutual defense treaty of 1944, on file with United Nations since 1946, to come to the aid of the disarmed and defenseless, innocent and helpless men, women and children in Palestine, exactly as the other 47 of the 48 United States claim the right, and owe a debt under the Constitution of the United States, to come to the aid of the disarmed and defenseless, innocent and helpless native men, women and children in the State of Texas, today and forevermore. The justice and the equities in the case of Palestine in 1948 and the State of Texas in 1956 are the same.

CHRISTIAN NATIONS CONSPIRE TO EXTINGUISH A MOSLEM NATION

Suppose United Nations then "imposes" a so-called "cease-fire" in the former State of Texas, demanding a cessation of hostilities between the National Guard units of the other 47 of the 48 United States, and the armed forces of the 2,000,000 transplanted-Mexican armed alien aggressors, under the threat of military action by United Nations armed forces and

United Nations economic reprisals. Suppose subsequently, United Nations "arranges" a so-called "armistice" to preserve "international peace" between the United States and the so-called "Republic of Alamo." Suppose at the moment the so-called "Republic of Alamo" is soundly trouncing the National Guard units of the other 47 of the 48 United States for a very good reason. The so-called "Republic of Alamo" has unlimited supplies of the most up-to-date weapons of every type employed in modern warfare, and the National Guard units of the other 47 of the 48 United States are practically without arms of any kind, or ammunition, the Soviet Union having successfully conspired with suppliers of military equipment in the United States to prevent delivery of needed arms and ammunition to the National Guard units, in order to sabotage the military efforts of the National Guard force in the State of Texas. That was precisely the status of the very small and poorly-equipped armies of Egypt, Syria, Iraq, Lebanon, Trans-Jordan, Saudi-Arabia and Yemen in 1948 when the 650,000 transplanted-Zionist armed alien aggressors were waging war against them in Palestine with hundreds of millions of dollars worth of the most-up-to-date weapons from the arsenals of the leading military powers, and unlimited supplies of ammunition, obtained by them without cost, with huge funds almost all supplied from the United States. Since 1919, international intrigue by the world-wide net-work of the international Zionist conspirators has been able to keep Egypt, Syria, Iraq, Lebanon, Saudi-Arabia, Trans-Jordan and Yemen as poor as possible, and supplied only with the minimum of weapons needed to maintain armed forces sufficient only for police duty. However, in 1948 an endless "flying box-car" merry-go-round shuttled back and forth daily bringing additional plane-loads of the finest weapons in the world to the already superbly equipped army of the 650,000 transplanted-Zionist armed alien aggressors in Palestine, from the Skoda Works in Czecho-Slovakia, from Soviet Union arsenals in Kharkov, to say nothing of the many ship-loads illegally smuggled out of the United States daily.

UNITED NATIONS "PEACE" VALIDATES ZIONIST'S MANY CRIMES

Suppose United Nations officially now appoints Ralph Bunche to work out his idea of "peace" in the former State of Texas, between the other 47 of the 48 United States, and the so-called "Republic of Alamo," the former State of Texas. Suppose Ralph Bunche believes in the kind of "peace" which permits the thieves to keep what they have stolen by force to evade attempts to recover the stolen property from the thieves by force. Suppose Ralph Bunche then imposes an official United Nations "peace" upon the belligerents in the former State of Texas whereby the 2,000,000 transplanted-Mexican armed alien aggressors are allowed to remain in occupation of the former State of Texas, and allowed to retain possession of the wealth of the former State of Texas without paying 1c for it to the rightful owners. Suppose Ralph Bunche imposes an official United Nations "peace" upon the former State of Texas which calls upon the other 47 of the 48 United States to "resettle" the exiled 6,000,000 "refugee" native Texas men, women and children in the unsettled areas of the other 47 states. That is precisely the United Nations "peace" which Ralph Bunche enthusiastically imposed upon the belligerents in Palestine in 1948. As a result of the "peace" efforts by Ralph Bunche, Palestine is today still occupied by the transplanted-Zionist armed alien aggressors. Pursuant to the provisions of the same "peace" in Palestine, the transplanted-Zionist armed alien aggressors, without the payment of 1c to the rightful owners, are still in possession of stolen land in Palestine valued at \$5,600,000,000 by United Nations, several additional billions in stolen personal property, and several trillions in stolen natural resources, principally oil and chemicals. In gratitude for his contribution in implementing his United Nations so-called "peace," the world-wide net-work of international Zionist conspirators have managed to make Ralph Bunche recipient of more "honorary degrees," "awards," medals, plaques, etc., etc. and other valuable "rewards" than possibly any other individual in the world.

I see I turn I feel RED, WHITE & BLUE

I SEE RED as I vision the precious blood of the countless innocent millions drenching the sacred soil of our dearly beloved United States in World War III, staining it as red as the flag of those who spill it.

I TURN WHITE even at the thought of surrender by the United States to the Soviet Union, defeated by them with atomic and hydrogen bombs made from secrets stolen from us for them by traitors in our government.

I FEEL BLUE as I meditate that this fate may too soon overtake us because the nation is too busy making money and having fun to listen to those who still can tell them how they can save their country from ruin.

Only an informed nation can know how to save itself from destruction.

Send \$1., \$5., \$10., \$50., \$100. or more and every penny of your gift will be used to send copies of Common Sense to all who should be reading it.
